Child Care Centres

Hello all:

In an effort to keep all our children safe we ask parents to refrain from entering school parking lots from 8:30 to 9:00am and 3:30 to 4:00pm and ask that when parking that designated parking spaces are used for parking. Please refrain from parking in the fire route and idling your car. There are young lungs at work.

Please escort all your children to their respective classrooms and connect with their early childhood educators. When picking up your child you must enter the building and go to each child's room. Please do not send siblings to pick up children unless they are more than 15 years of age and are on the emergency card as an alternate authorized pick up. At the end of the day, please connect with your child's early childhood educator.

If your child has been sent home early or picked up from school early or is home sick, please call the child care or before and after school programs so that we are not expecting them at our program.
